Day and approximate time of your arrival in Ashland _____

Day and approximate time of your departure from Ashland _____

If flying through Medford, do you want us to try to group
you with others to save on the shuttle to Ashland? _____

Our shows:

***Measure for Measure; Love's Labor's Lost; Henry IV Part 2; Julius Caesar;
The Pirates of Penzance; The Imaginary Invalid; August: Osage County; Ghost Light***

If you arrive in time for the Wednesday matinee or stay through the Sunday matinee, giving you eight slots, you can see all eight shows – but not if everyone else opts for the same schedule. For this reason, you have to leave it to us to arrange your show schedule, using the show preferences you give us here. **Please answer the three following questions:**

(1) If you arrive just in time for Wednesday dinner and leave before the Sunday matinee, giving you seven show slots, or if you do have eight slots but too many people follow the same schedule, you will/may be able to see only seven shows. So tell us here which show you are most willing NOT to see:

(2) If you are arriving in time for a Wednesday matinee OR leaving after a Sunday matinee, and thus have eight show slots, we will assume you want all eight shows, UNLESS you tell us HERE to give you free time by OMITTING the following one or two show(s):

(3) If your arrival/departure schedule or your desire to skip certain show(s) means you will have one or more show slots free, we will assume they should be MATINEE slots, unless the schedule makes that impossible OR unless you tell us HERE that you'd rather have a night free:
